RFP INSTRUCTIONS**1. INTERPRETATION OF THE CLAUSES IN THE PROPOSAL DOCUMENT / CONTRACT DOCUMENT**

In case of any ambiguity in the interpretation of any of the clauses in the Proposal Document or the Contract Document, the interpretation of PCI shall be final and binding on all parties.

2. LANGUAGE OF PROPOSAL

The proposal and documents shall be in English, and it should include applicant organization name, date, RFP number, and page number as a header or footer throughout the document.

3. SUPPLEMENTARY INFORMATION / CORRIGENDUM / AMENDMENT TO THE RFP

- a. If PCI deems it appropriate to revise any part of this RFP or to issue additional data to clarify an interpretation of the provisions of this RFP, it may issue supplements/corrigendum to this RFP.

Any such supplement shall be deemed to be incorporated by reference to this RFP.

- b. At any time prior to the deadline (or as extended by PCI) for submission of bids, PCI, for any reason, whether at its own initiative or in response to clarifications requested by prospective bidders may modify the RFP document by issuing amendment(s). All bidders will be notified of such amendment(s), and these will be binding on all the bidders.
- c. To allow bidders a reasonable time to take the amendment(s) into account in preparing their bids, PCI, at its discretion, may extend the deadline for the submission of bids.

4. DECISION TAKEN

- a. The decision taken by PCI in the process of Proposal evaluation will be final and binding on all the bidders. The finalization of the Proposals will be done by a committee constituted by PCI for this purpose.

5. AWARD OF WORK

PCI reserves the right to shortlist deserving individuals and agencies and invite further discussion to ensure quality and cost-based selection (QCBS). PCI holds the right to award the contract to several bidders based on assessed capacity, innovation idea suggested, and other quality/ cost factors instead of a single contract holder. Hence individuals and agencies are expected to respond to the RFQ only if they agree to work in a multi-contract holder environment, fulfil the scope of work suggested, and meet the requirements as detailed.

6. TAXES AND DUTIES

The rates quoted shall be in Indian Rupees and shall be inclusive of all taxes, duties, and levies as applicable up to the completion of the job. Any increase in the rates will not be allowed. Base cost and rate of taxes charged should be clearly mentioned.

7. BINDING CLAUSE

All decisions taken by the PCI Procurement Committee regarding the processing of the Proposals and award of the contract shall be final and binding on all concerned parties.

8. VALIDITY OF BIDS

The proposal/bid should be valid for a period of 90 days from the date of Proposal submission to the PCI.

9. DISQUALIFICATION

The proposal is liable to be disqualified in the following cases or in case the bidder fails to meet the bidding requirements as indicated in this RFP:

- a. Proposal not submitted in accordance with the procedure and formats prescribed in this document or treated as a non-conforming proposal.
- b. During the validity of the proposal, or its extended period, if any, the bidder increases his quoted prices.
- c. The bidder qualifies the proposal with his own conditions.
- d. Proposal is received in incomplete form.
- e. Proposal is received after due date and time.
- f. Proposal is not accompanied by all the requisite documents.
- g. If the bidder provides a quotation only for a part of the project
- h. Information submitted in the technical proposal is found to be misrepresented, incorrect or false, accidentally, unwittingly, or otherwise, at any time during the processing of the contract (no matter at what stage) or during the tenure of the contract including the extension period, if any
- i. **Commercial/financial proposal is included in the technical proposal**
- j. Bidder tries to influence the proposal evaluation process by unlawful/corrupt/fraudulent means at any point of time during the bid process.
- k. In case any one bidder submits multiple proposals or if common interests are found in two or more bidders, the bidders are likely to be disqualified, unless additional proposals/bidders are withdrawn upon notice immediately.
- l. If the response to the pre-qualification criteria, technical proposal, and the entire documentation submitted along with that contain any information on price, pricing policy, pricing mechanism, or any information indicative of the commercial aspects of the bid.

10. PCI'S RIGHT TO TERMINATE THE RFP PROCESS

- a. PCI reserves the right to accept or reject any proposal, and to annul the RFP process and reject all proposals at any time prior to award of contract, without incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for PCI's action. PCI makes no commitment, expressed or implied, that this process will result in a business transaction with anyone.
- b. This RFP does not constitute an offer by PCI. The bidder's participation in this process may result in PCI selecting the bidder to engage in further discussions and negotiations toward the execution of a contract. The commencement of such negotiations does not, however, signify a commitment by PCI to execute a contract or to continue negotiations. PCI may terminate negotiations at any time without assigning any reason.
- c. Failure on the part of the selected agency to execute the Contract within the defined period may, unless mutually agreed between the parties, result in an award of the same work to

another agency at the risk and cost of the Agency.

11. CONDITIONS FOR CONSORTIUM / JOINT VENTURE.

The agencies/firms/institutions may have the option to submit the proposal with other consortium partners with the following conditions.

1. The Bidder may involve one more agency only as partner for meeting work experience and MoU for such must be submitted.
2. One consortium partner can be associated with same lead partner for one/more zones but can't associate with different lead partners. However, the lead partner may choose different consortium partners if participating for multiple zones. Also, no consortium partner can bid separately as lead partner.
3. The Bidder can't change the consortium partner during the course of the project.
4. In case of consortium, the lead partner must submit the letter of association (agreement). Non-submission of agreement documents of the consortium partners will lead to disqualification.
5. In case of any such discrepancy found, bid for the both consortium and firm will be rejected. Selected agency/firm/institution cannot outsource their work to any third party at any point of time. The consortium partner should not be involved in any major litigation that may have an impact of affecting or compromising the delivery of services as required under this contract. The consortium partner should not have been black listed by any organisation. If at any stage of qualifying process or during the course of the contract, any suppression / falsification of such information is brought to the knowledge, PCI India shall have the right to reject the proposal or terminate the contract, as the case may be, without any compensation to the consortium of agency/firm/institution. PCI India shall only deal with the Lead Bidder for all the purposes.

"APPENDIX-A"- TERMS OF REFERENCE**About Project Concern International:**

PCI has been working in India since 1998 with the mission to empower people to enhance health, end hunger, overcome hardship, and advance women and girls. PCI envisions a world in which the most vulnerable people will have the power to lift themselves out of poverty and to create vital, healthy lives for their families and communities now and for the future.

PCI works with the government as well as social actors to create an enabling environment to improve and activate the social position of marginalized populations, especially women and girls, as well as strengthen convergent actions on the ground. Knowledge and evidence-based decision-making, and data-driven management have been a trademark of our programs in India. For over two decades, PCI has maintained a diverse portfolio in India, with a presence in more than one-fifth of all districts in the country, reaching over 10 million people in 2019 alone. PCI's health, gender, and community development programming focuses on low-income, vulnerable and hard-to-reach populations, especially adolescent girls, women of reproductive ages and children. By integrating its community mobilization and empowerment approaches into the government strategies and systems, PCI is helping to ensure that millions of vulnerable women, children, families, and communities throughout India have the ability to advocate for, access and utilize quality health, nutrition, and empowerment services and information for generations to come.

Background of Project:

Zero-dose (ZD) children, who haven't received any dose of the diphtheria, pertussis, and tetanus (DPT) vaccine, face elevated risks of poor health and nutrition outcomes, leading to increased morbidity and stunted growth. Uttar Pradesh (UP) holds the highest count of Zero-Dose (ZD) children among all states and Union Territories in India. **Approximately 9.1% of children aged 12-23 months in UP didn't receive any DPT dose (NFHS-5, 2019-21). UP accounts for 60 out of 143 districts designated for intensive intervention for ZD children, with around 12,000 ASHA areas within these districts experiencing a higher concentration of ZD children.**

Studies link poverty, low maternal education, inadequate antenatal care, and home births to zero-dose (ZD) children, who are often found in hard-to-reach areas, urban slums, peri-urban zones, and temporary settlements like brick kilns. Migrant families are also at higher risk of missing vaccinations. Given the diverse contexts, tailored, data-driven, and Human-Centered Design (HCD) approaches are vital for community mobilization across rural and urban settings. Relying solely on health workers is insufficient; collaboration with local platforms and non-health personnel is needed. Caregivers often lack awareness, fear AEFI, worry about wage loss, face poor service quality, and deal with gender barriers. To address this, supply-side efforts must improve micro-planning, ensure regular immunization sessions, strengthen interpersonal communication, mentor frontline workers, monitor sessions closely, support mobility, and offer incentives for outreach.

PCI, with the support of UNICEF aims to address vaccine avoidance behaviors through targeted community mobilization interventions. These interventions will facilitate effective interaction and dialogue with families to mobilize them for the vaccination of their children across 2,854 ASHA areas across 21 districts. These districts include Aligarh, Etah, Hathras, Kasganj, Meerut, Baghpat, Bulandshahar, Gautambudh Nagar, Amroha, Bijnor, Moradabad, Saharanpur, Kanpur Dehat, Ambedkar Nagar, Sultanpur, Amethi, Barabanki, Deoria, Kushinagar, Gorakhpur, and Maharajganj.

About the assignment:

To build widespread awareness and strengthen understanding of routine immunization—particularly among vaccine-hesitant communities project proposes three distinct mid-media communication activities: miking through e-rickshaw rallies in urban and peri-urban areas, and the **Teeka Mitra** mobile unit (a small vehicle such as a Tata Ace or Magic) for remote locations.

These activities aim to engage communities through relatable, culturally appropriate, and easily accessible formats.

E-rickshaw rallies

- **E-rickshaw** rallies will circulate key immunization messages through miking across densely populated pockets, ensuring repeated and visible reminders for caregivers, which will be well decorated with the RI banner, key messages, and a PA system with pre-recorded government-approved audio messages.

Teeka Mitra:(Mobile VAN)

- The Teeka Mitra vehicle will act as a mobile awareness hub, featuring audio-visual content, informational materials, and interactive sessions that promote the benefits of timely vaccination in remote locations.
 - Each day, in evening, Teeka Mitra vehicle will remain use to organize one community meetings (Ratri Chaupal) where AV services used to discuss the importance of RI with vaccine hesitant community. To facilitate this activity, program team support to campaign team members.
 - Two lights should be mount on the vehicle.
 - Quiz session will be organized in each community meeting.

Collectively, these mid-media interventions will help improve knowledge and shift attitudes toward routine immunization. By addressing barriers to vaccine acceptance and encouraging positive behavior change, the project seeks to reduce the number of zero-dose children and decrease Vaccine Avoidance Behavior (VAB) among families in the targeted intervention areas.

In order to sensitize the community on RI, especially to mobilize VAB and Zero-dose children in different blocks and urban pockets, PCI is looking for an agency to carry out communication awareness activities in proposed districts of Uttar Pradesh.
